SUMMARY

I am a final-year MCA student with a strong foundation in **Python (Flask)** and experience in web development technologies like **HTML, CSS, and JavaScript**. I have hands-on experience with **MySQL** for database management and Flask for backend development, enabling me to build and deploy functional web applications. Eager to bring my Python expertise into a professional environment, I am motivated to collaborate with experienced developers on real-world projects. I am passionate about growing as a Python developer while continuously refining my technical skills. My goal is to enhance my **problem-solving abilities** and contribute effectively to innovative solutions.

PROFESSIONAL EXPERIENCE

Paarsh Infotech Pvt. Ltd.

Nashik, India

Software Developer Intern

Jan 2025 – Present

- Created a comprehensive **report detailing** the assigned project's scope and progress.
- Currently working on the frontend development** of the project, focusing on user interface and experience.
- Collaborating on and potentially contributing to various project components to ensure **seamless integration** and functionality.

TESCOM BUSINESS SOLUTIONS

New Mumbai, India

Web Developer Intern

May 2023 – July 2023
